SAFESTRIP SYSTEM

Material Safety Data Sheet

Material Trade Name: Astrip Concentrate Valid from: 05/01/05

Material Description: Wetting agent/binder for use at temperatures below 80°C

1. Substance Identification

Material Trade Name: Astrip Concentrate
Material Type: Wetting agent/binder
Company: Asbestostrip Innovations UK Ltd
12 Tufthorn Industrial Estate
Coleford
Gloucestershire
GL16 8PJ
Telephone: 01594 837755
Fax: 01594 836633

2. Composition

<u>Substance</u>	<u>% Wt</u>	<u>Cas Number</u>	<u>Eec Number</u>
------------------	-------------	-------------------	-------------------

This product contains no ingredients that are classified as hazardous with respect to chemicals (hazard information and packaging) regulations (CHIP) 1992 or later revisions.

3. Hazard Identification

a) Hazard Symbols : Not Applicable

b) Risk and Safety : Not Applicable

4. First Aid Measures

- a) Inhalation : No known hazard.
- b) Eyes : May cause slight irritation.
- c) Skin : Avoid prolonged contact with skin.
- d) Ingestion : Not considered hazardous.
-

5. Fire-fighting Measures

- a) Suitable Fire Extinguishers : For small fires use carbon dioxide, dry chemical foam, sand, earth or water fog.
- b) Unsuitable Extinguishers : None specified.
- c) Hazardous Decomposition : Oxides of carbon
- d) Special Procedure : Keep containers cool by spraying with water.
-

6. Accidental Release Measures

- a) Exposure Controls : Any spillage may be absorbed into sand, clay or similar absorbent material.
If any liquid enters drainage system inform authorities, Fire Brigade and Environmental Agency.
- b) Personal Protection : No special procedures required.
Wash contaminated skin after prolonged contact.
- c) Disposal Considerations : Absorb in inert material such as sand or absorbent granules
: Dispose of waste in accordance with local authority regulations
: Do not allow product to enter drains and water courses
-

7. Handling and Storage

- a) Handling : No special precautions required.
- b) Storage : Store above 5°C
-

8. Exposure Controls

Occupational exposure limits : None assigned.

Protective measures : Safe working practice is to avoid prolonged contact with skin.

9. Physical and Chemical Properties

Appearance : light brown fluid
Odour : distinctive - yeast
Boiling Point/Range : not determined
Melting Point/Range : not applicable
Flash Point : will not contribute to fire
Autoflammability : not determined
Explosive Properties : not applicable
Oxidizing Properties : not applicable
Vapour Pressure : not determined
Relative Density : 1.06
Solubility : infinite with water
Partition Coefficient : not applicable
Miscibility : miscible
Vapour Density : not determined
Evaporation Rate : not determined
Viscosity : low
pH : neutral

10. Stability and Reactivity

Stable in normal use

11. Toxicological Information

Repeated contact with product may cause skin defatting.

12. Ecological Information

Ecotoxicity: Readily biodegradable.
Persistence: No persistence will occur.
Do not release into surface water.

13. Disposal Considerations

Do not allow into surface water drains or water courses
Use only registered licensed disposal companies

14. Transport Information

UN No: none
Packing Group: 4
Trem Card: none
I.M.D.G: none
BEC No: none
Emergency Action Code: none

15. Regulatory Information

- a) Hazard symbols : not classified
b) Risk and Safety : not applicable
c) Other regulations :
-

16. Other Information

Not applicable
