

Product **15001BSBD** S/A STRIPPER TAPE 48MMX33M
BLK DIRECTA (UK) LTD

TECHNICAL DATA SHEET

PRODUCT :- Our Reference No.150

DESCRIPTION :- S/A Stripper Tape

TECHNICAL DETAILS: A Polyethylene tape with a high Shear natural

Rubber adhesive High Tensile Stretch and good conformability allow strength while still providing excellent adhesion over a wide temperature range and in humid conditions. Specially cut "Pinked" edge ensures fast, easy tears during application.

Carrier : Polyethylene Adhesive : Natural Rubber

Tape Thickness : 0.19 mm

Peel Adhesion(Steel) : 0.8kg/25mm

Adhesion to self : 0.7kg/25mm

Tensile Strength : 10.4kg/25mm

Tear Resistance Against Wrap : 0.5kg

Length of Roll : 33m

Width of Tape : 48,63,72mm

Colours : Black other colours are available on request.

Shelf Life : 1 year in original packaging stored in cool dry place.

APPLICATION :- Especially suitable for handling and sealing

Polyethylene barriers sealing joints and formwork in concrete shuttering in the construction Industry

General use in the

Building/Agricultural Industry.
